

OFFICIAL STATEMENT

We,

SINGING ROCK s.r.o.
Poniklá 317
514 01 Poniklá
VAT: CZ03741044

Declare, that Singing Rock is currently in the process of liberalization of the PPE inspection procedures. Along with an update the instructions of use in order to comply with new PPE Regulation (EU) 2016/425, we have decided to change a specification from “periodic examination (inspection) shall only be conducted by the manufacturer or by a person or organization authorized by the manufacturer” to “periodic examination (inspection) shall be conducted by a competent person for periodic examination and strictly in accordance with the manufacturer's periodic examination (inspection) procedures”. In practice, it means, that it won't be necessary to attend Singing Rock PPE inspection trainings in case an inspector is able to prove his knowledgeability of the current periodic examination requirements, recommendations and instructions issued by the manufacturer applicable to the relevant component, sub system or system by any means.

This statement has a retrospective validity with preservation of the lifetime indicated in the instructions of use, delivered along with purchased PPE items. PPE products, manufactured by Singing Rock prior to 2019 can be inspected by competent persons in spite of the instruction wording.

This statement does not apply to complex devices such as INOS, EvaQ or IKAR self-retracting lifelines, anchor and evacuation devices. IKAR, INOS and EvaQ range inspections require a special training with manufacturer or or his authorized representative authorization.
